CHRISTIAN COUNTY UNIT

OF THE WOMAN'S COMMITTEE
OF THE NATIONAL COUNCIL
OF DEFENSE.

State Chairman: Mrs. Helm Bruce.
County Chairwoman: Miss Jennie Glass.

The local unit of the Council of Defense has been doing considerable work all through the winter, and now, with the spring weather and the many calls for patriotic work of every kind, is being more closely organized so that the report of this county next year will be among the best in the state. The scope of this work is being better understood as time goes on and there is a greater willingness to do everything the government asks of us.

The general officers are: Chairman, Miss Jennie Glass; Secretary, Mrs. Thos. Smith; Treasurer, Mrs. M. H. Tandy. Practically all the clubs and the churches of the city are represented on the board which is a strong one, quite equal to the arduous duties expected of the organized womanhood of our town.

Notifying Committee, Miss Martha Ellis Soyars.
Chairman of Rural Work, Mrs. Gordon Nelson.

These chairmen hold themselves in readiness to cooperate with the state and national work at any time, and altogether form a clearing house of plans and methods. The Women's Council is the only organization which sends the reports of all the other organizations to the government and it works along definite lines laid out by the authorities and the church works among its own members in its own way and the work is coordinated and harmonized by the Council of Defense.

The work in the county at large is very important and it is hoped to extend the work to every woman in the county who wishes to do war work and find the work which each can do to the best advantage. The few who are not willing to sacrifice the time or work can then be reached by a public opinion which will compel them to sit up and take notice, for that class are in a decided minority and the willing and patriotic can compel more by creating public opinion than in any other way. The Food Conservation cards will be further pushed and also the Registration of women everywhere.

Let no woman wait to be asked to do some part of the great and necessary tasks that confronts us, but call some one of the chairmen whose work best suits her and offer her services and rouse her neighbors to do likewise. The life of the nation is at stake and that means the lives, liberty, and property of every citizen within the bounds of the United States.
